

Eva Maria Frezel or Fratzel was **NOT** the wife of our immigrant ancestor, Balthasar Doering (who later married Mary Elizabeth Limebaugh). If you check the records that are available at ancestry, this Eva Maria married Johann Balthasar Doering in 1783. Our Balthasar was not born until about 1801, so he couldn't be her husband. They may be related, but we need some records to show that.

We need to have someone look at records in Schwarzenberg to find our relatives. I have the obit for Arnold Doering b. 1830, assumed to be Balthazar's son, showing Schwarzenberg as his birthplace.

Please correct your trees.

Thank you,

Dianne Dearing
