ed widespread komment. The Correspondencia Militiar, organ of the navy, says:

"The prevailing impression is that war between Spain and the United A former captain general of Cuba,

would become an accomplished fact. Unhappily my prophecy will be fulfilled. I have the consolation of having done all in my power to avert it, and therefore do not regret the blame which has been heaped upon me. All that is now possible is that we should all unite to meet the danger that threatens our country.

The work of naval construction and armamont at Ferrol is being pushed by the government with the greatest adtivity at the arsenal and dock yard.

The Cincinnati Commercial Tribune gives the following concerning the correspondent in Cuba:

Key West. Fla., Feb. 27 -I have ob tained to-day absolute accurate information that the Maine was blown up by a mine or mass of dynamite placed under the starboard bow just forward of the ten-inch magazine. The source of this information can not be given for a day or two, but it is as reliable as the reports made to the offcers of the Board of Inquiry, and five The Maine can never be raised, and

sued that township for \$100 bounty un- in that dampaign. They claimed that the contract to raise the Maine is caned in August, 1863, prior to the call for prices could not advance without the celed The ship has now sunk fifteen troops entitled to the bounty in ques- free coinage of silver, yet they face feet in the mud and slime of Havana tion. One hundred such suits were to upon the stump in 1898 an advanced harbor, and her bow is a tangle mass have been brought against the town- figure in practically every article of of fragments of armor plate, twistell ship and thousands of them would farm produce. They claimed that a ron and wreckage. The rupture in have been commenced in the state if protective tariff would not improve the her plates extends from bow to stern. conditions of the workmen, yet they in the graphic language of the men find factories running where smokeless who described her condition to me, 1896 and she is "split wide open from end to employment end." The damage aft is below the They insisted when the water line, but is such as to render it Dingley bill was under discussion in impossible ever to float her. The keel where conditions are more favorable congress that it would cut down our of the Maine is blown upward from the bottom and rests upon the deck of the boat. Her plates forward are all blown inward from the starboard dyploded. The six-inch magazine in other is still intact, as is the six-pounder magazine still forward of these

> wo, and almost amidship. THE PLATES TELL THE SAME. The damage came from without, and s plainly shown by the condition of weeked condition of the ship above the magazine is from the explosion of powder on board and shows and upward force. The effects below show that the force was all exerted inward.

from withou The man who made this statement said to me to-day: "Within a short time I will make affidavit to these facts can't speak at this time but the people of the United States should know that the Maine was wrecked intentionally by the Spanish. I wish you to make these statements for me, guarding me as much as possible. When the apportunity arrives I will prove every statement I have made as to the inentional destruction of the Maine by affidavits showing that my judgment s found and correct." The work of the divers has become

harder and more difficult every day All the examinations possible by divers have been made, and an examination of the outside hull is now impossible. The boat is too deeply sunk in the mind to make it possible to ascernin abything from an investigation of the hull outside. The divers who went to Long. There will be no riot, no imlowd inside the boat in the bow, however, found the plates turned upward and inward. The man who describes per condition made a sweeping gesture

with his hands, bringing them toward ach other and upward 'EVERTHING PUSHED UPWARD.' "She's just like that," he said; "ev red ing bushed upward" No examination of the outside of the

gan and wife of Portage, were here in attendance at the board meeting of the insurance company last Saturday. A. J. Bandeen is rejoicing over 18th birthday anniversary, Mrs Al Thompson entertained her Sunday

school class of young ladies. The afternoon was pleasantly spent in music and games intermingled with popcorn, taffy and ice cream. At 5 p. m supper was served, and in the evening all attent the church Those presen were Nellie Muir, May Meister, Milli Chamber ain Hallie Prescott, Id Weiland, Nor Minnie Lahman Vita Prescott, Ollie Lahmar Nellie Emmett and May Thompson On February 27th the young ladies presented their teacher with a fine They could Bagster - ' ichers' bible.

The New Star of Liberty That Has Risen The St. I all Globe, in an editorial

refers to Western Canada as being the in Tontogany to select candidates for only hope left for the congested and States. In agricultural wealth is a C. C. GUNDY, marvel, and it has been demonstrated that farms - with very little means to start with had become wealthy in very short time, while their families were being brought up with all the pleasant surroundings of the most advanced for ions of the east. Judge Tipton of Omaha, wha has made his home near Edmonton, Alberta, in writing to a friend at Council Bluffs, 'I have lived in Illinois, Iowa, says: Nebraska and have been more or, less in Kansas Colorado, Dakota and Minnesota, and this is a much milder climate than any of them." He then speaks of the enormous yields of wheat, outs and potatoes, and describes the large cabbages, beets, etc. and says further "I now have my family here in a new country, with al its splendid resources. The land that is now \$2 and \$3 per acre will soor be worth \$15 and \$30. Now, with the

fine clim and good water, and with the abundance of wood, coal and build ing timber on every hand, what is to hinder the from outstripping all the other competitors for natural greatness and p osperity?" In speaking on Cuba Judge Grosscup, of Chicago, said a few night ago: "Canada is as selfroverned is if she acknowledged no allegiance to the British crown. She

pays no tores into the British exchequer St. tixes her own internal affairs and stands sponsor for her ow internal prace and social order.

than anybody here. you please, born February 26. Dave Astry has gone to Kansas City, Mo., and we understand will move his family there also Rev. V. J. Hostetter preached the funeral sermon of Amelia, the infant daughter of Mr. and Mrs. J. C. Masiker, at Bays, Friday. The little on was 10 months old, and died of mem braneous croup, The missionary rally day church last Sunday was a decided such

cess in every respect, and attended by a full house. Also the Junior enter tainment in the evening. The little folks did themselves proud, and indeed children. W. C. Martindale spent Sunday Howard McPherson received

news last week, a message of the death of his youngest sister, near Philadelphia. She had been married but a short time. Roy Marvin and family spent Sun-Will Hardgrove was over at Ru dolph on business Saturday.

Mrs. Tom Knight and son of Portage, have returned home after a pleasant visit with her people, Mr. Book, Mr. Skaters, of Wauseon, is spending few days in the neighborhood. Miss Pearl Bigelow, of Rudolph. spent Sunday here with her parents.

BLCOMDALE Special Cor. to Sentinel.

Bloomdale, March 1.—The funeral of Peter Sheats took place to-day. Tuesday. The services were conducted at the Lutheran church by Dr. Greenawalt, of Findlay, president of Wittenberg synod, assisted by Rev. E. Minter, of Arcadia. Mr. was born in Burke county, Pennsylvania, 67 years ago. He located on a farm south of Bloomdale in 59, and became a resident of our village about 10 years ago. The funeral was under the direct auspices of the I. O. O. F. of which he has been a faithful memher for over 40 years. He has belonged to the Lutheran church all his life. Frank E. Muir. Squire Rogers made The church has sustained a sad loss, as His death was caused by Bright's

disease. He was a patient sufferer. and died as he lived-with implicit assured all that he was going home to die no more. He made all arrangements for the funeral, even setting the day for his burial, selected the text success. His remains were laid to er cemetery, who died about six years and a daughter, who are grown. Uncle Peter was a friend to every body. Peace to his ashes.

GET THE CHILDREN A DRINK called Grain-O. It is a delicious. appetizing nourishing food drink to take the place of coffee. So d by all groders and liked by all who have used it because when properly prepared it tastes like the finest coffee but brefared it thistes line they have to her the fis free from all its injurious properties Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults. can drink it with great beacht. Costs about 4 as much as coffee. 15 and 25c.
