Would like to find out if anyone has Gorius Vollenweider from Mettmenstetten, Switzerland born C 1620 and married to Elizabeth Fry and then Regula Binder. Or his sons Hans Jacob or Ulrich., born 2/13/1661 abd 7/14/1661 respectfully. I would like to go further back. Wonder if orginally from Holland.

Have you linked the Vollenweider name to the Goodpaster/Goodpasture line? Currently trying to locate the person or family who can verify the cannonization of the name. Goodpasture family appears in Augusta Co Virginia by 1753 namely Jacob Goodpasture. Any connection?

No I have no connections to that name. I can see why there might be as Vollenweider could mean good pastures.

Yes Vollenweider means Goodpaster or Goodpasture in Switzerland. Jacob Goodpasture father was Heinrich (Henry) Henrys father was Ulrich and Ulrich father was Gorius. Jacob married Marie Schmid. They had three children Anne, Solomon Goodpaster and Abraham Goodpasture.

Have you found any documents showing when the name was changed? Possibly in Augusta Co VA or PA? Very curious. We know for sure it was Goodpasture/Goodpaster in 1753 on land deed of Augusta Co VA. Do you know what ship he arrived on and month/yr?

Hi! As i said before it is only conjector that your name is connected. I have no tie in with that name from the original name of Vollenweider. Sorry. The only reason is that the meaning of the name might tie in. Sincerely. William Fulwider.

I have the Fulwider family traced back to Gorius Vollenweider born about 1630 in Switzerland. I also have about 10 current families tied into this family. I am not sure which message you were answering as I have done most of this work in the <http://genforum.genealogy.com/fulwider> file. I was looking for a Paul Fulwider that might know about the Southern California reunions otherwise I do not have any Pauls in my files.

Perhaps we can help each other. Some also went to Augusta County as well. Think they started at first in New York. Then those to Virginia were Fulwiders, Ohio Fullenwiders etc. I have this info correct but am guessing right now Sincerely, Bill F.
